# **How to Use this Hazard Map**

# Check the disaster risks for your neighborhood

Use this hazard map to check risks, including which river will cause flooding and whether you will be affected by high tide in times of heavy rain or typhoon, and whether your area is subject to tsunami damage following an earthquake.

How to Use 2

### Determine when and where to evacuate to for each type of disaster

Your evacuation actions to protect yourself will be different depending on the situation of the disaster and the situation you are in.

Determine when and where you will evacuate to for protecting yourself from each type of disaster: heavy rain; typhoon; and tsunami.

### When heavy rain could cause river flooding

Evacuation action

Before flooding begins **Evacuate early!** 

Order Home, relatively workplace,

Home, relative's home, friend's home, workplace, etc.

(the closest safe place that will not flood)

Closest evacuation shelter
(the closest safe place that will not flood)

: If you did not escape in time...

Where you can protect yourself at that place and time

Closest flood (tsunami) evacuation building (the closest safe place that will not flood)

Tall building or other elevated place (the closest safe place that will not flood)

#### When a tsunami strikes

: In principle :

Evacuation action to protect yourself

to protect yourself

As quickly and high as possible

Home, relative's home, friend's home, workplace, etc. (the closest safe floor that will not flood)

Closest evacuation shelter (a safe floor that will not flood)

Closest designated safety area or temporary safety area (an area that will not flood)

■ Highest possible area of a zone that will not flood

. If you did not escape in time...

Run and climb up a tall building or other elevated place

Order of priority 2

- Closest tall building or other elevated place (a safe floor that will not flood)
- Tall building or other elevated place (the closest safe floor that will not flood)

How to Use 3

Check your daily preparedness by making use of the information in here and My Timeline to protect yourself

A variety of information is released in times of disaster. Take daily preparedness measures by making use of the information in here which will facilitate immediate actions in an emergency, as well as My Timeline which you can fill out.
