

What is My Timeline?

Sample

My Timeline provides an opportunity to prepare for wind and flood disasters, such as heavy rains and typhoons, and plan in advance how to escape using your own evacuation route while giving due consideration to the circumstances or evacuation behavior of each family member. Creating a schedule that summarizes who does what and when will help you act in an appropriate manner in the event of an emergency.

Family Evacuation Plan **When heavy rain could cause river flooding**

1 Evacuation place Determine where you will evacuate to and write it down.
Determine all ① to ③ evacuation places that you will evacuate to depending on the situation.

In principle:

Place for early evacuation

■ Home, relative's home, friend's home, workplace, etc.
(the closest safe place that will not flood)

■ Closest evacuation shelter
(the closest safe place that will not flood)

If you did not escape in time...

Where you can protect yourself at that place and time

■ Closest flood disaster (tsunami) evacuation building
(the closest safe place that will not flood)
■ Tall building or other elevated place
