

Check Point 1

Check what kind of disaster your area is prone to.

Check Point 2

Check when and where to evacuate for each disaster.

In case heavy rain is about to flood the river (Refer to "Evacuation Flow Chart" on Page 11)

Evacuation to Protect Your Life

Last Minute Evacuation

Check Point 3

Check your routine preparation to protect your life by using provided information and MY TIMELINE.

Check details on the official website of Osaka City.

Family Evacuation Plan When heavy rain could cause river flooding Sample

1 Evacuation place Determine where you will evacuate to and write it down. Determine all ① to ③ evacuation places that you will evacuate to depending on the situation.

In principle

Place for early evacuation

- Home, relative's home, friend's home, workplace, etc. (The nearest safe place that will not be flooded)
- Closest evacuation shelter (The nearest safe place that will not be flooded)

Where you can protect yourself at that place and time

- Closest flood (tsunami) evacuation building (The nearest safe place that will not be flooded)
- Tall building or other elevated place (The nearest safe place that will not be flooded)

Evacuation place ① Grandparents' home in XX Ward

Evacuation place ② XX Elementary School

Evacuation place ③ High-rise condo next door

2 Plan what to do until you start evacuating.

3 Fill in when you will start evacuating and when you will do what.

Determine when you will take the actions you identified in 2. Write down when you will evacuate.

Things to do

Collect information

- Check weather and evacuation information

Prepare for evacuation

- Check emergency kit and stockpile
- Buy necessary items
- Begin moving household items to 2F, etc.
- Inspect area around the house
- Put away items that may blow away
- Check window locks
- Charge mobile phone
- Check opening of evacuation shelter

Contact and call out

- Call out to neighbors
 - To evacuate To evacuate together
 - Name: Old man next door
 - Contact: (06) XXXX-XXXX
- To evacuate To evacuate together
- Name: _____
- Contact: _____

Communicate with family (If you're not together)

- Contact the person who will assist your evacuation (If you cannot evacuate by yourself)

Miscellaneous

Family Evacuation Plan

Fill in when When will you evacuate? When will you do what?

Fill in

Heavy rain is forecasted

Warning Level 1 Early advisory information

- Ex: Double check emergency grab-and-go bag (mom)
- Turn on TV and radio (children)
- Check emergency kit and stockpile (mom)

Warning Level 2 Flood advisory Heavy rain advisory

- Ex: Double check evacuation shelter (everyone)
- Inspect area around the house (dad)
- Bring tricycle and flower pots into the house (mom)
- Check that mobile phones are charged (dad and mom)

Warning Level 3 Evacuate older people, disabled people, babies, etc. from dangerous areas!

- Ex: Grandma and mom evacuate to a relative's house by car
- Communicate with family (everyone) Likely evacuation place at this stage Evacuation place ①, ②
- Contact old man next door (mom)
- Evacuate to grandparents' home in XX Ward by car (mom and children)

Warning Level 4 All people must evacuate themselves from dangerous areas!

- Ex: Evacuate to XX Elementary School (dad and children)
- Evacuate to XX Elementary School (dad) Likely evacuation place at this stage Evacuation place ①, ②

Warning Level 5 Emergency Safety Assurance

- Likely evacuation place at this stage Evacuation place ③

* Depending on the situation of the disaster, information may not necessarily be released in this order. It is important to respond flexibly to the situation.

After evacuating After evacuating, inform your family and other important people that you have evacuated safely

Contact method Mobile phone, Disaster Emergency Message Dial, etc.

Family meeting place Grandparents' home in XX Ward

It is extremely dangerous to leave or relocate from your evacuation place before the evacuation information is lifted.
