

# What is My Timeline?

“My Timeline” is an evacuation plan for heavy rains, typhoons, and other windstorms. It is tailored to each individual’s family and living situation. Having a schedule of when, who, and what will be done will help you take action without panicking in case of emergency.

## Family Evacuation Plan When heavy rain could cause river flooding

### 1 Evacuation place

Determine where you will evacuate to and write it down.  
Determine all ① to ③ evacuation places that you will evacuate to depending on the situation.

In principle

If you did not escape in time...

#### Place for early evacuation

- Home, relative’s home, friend’s home, workplace, etc. (The nearest safe place that will not be flooded)

Evacuation place ①

- Closest evacuation shelter (The nearest safe place that will not be flooded)

Evacuation place ②

#### Where you can protect yourself at that place and time

- Closest flood (tsunami) evacuation building (The nearest safe place that will not be flooded)
- Tall building or other elevated place (The nearest safe place that will not be flooded)

Evacuation place ③

### 2 Plan what to do

Plan until you start evacuating.

Things to do

#### Collect information

- Check weather and evacuation information

#### Prepare for evacuation

- Check emergency kit and stockpile
- Buy necessary items
- Begin moving household items to 2F, etc.
- Inspect area around the house
- Put away items that may blow away
- Check window locks
- Charge mobile phone
- Check opening of evacuation shelter

#### Contact and call out

- Call out to neighbors

- To evacuate To evacuate together

Name

Contact

- To evacuate To evacuate together

Name

Contact

- Communicate with family (If you’re not together)

- Contact the person who will assist your evacuation (If you cannot evacuate by yourself)

#### Miscellaneous

- 
- 

### 3 Fill in when you will start evacuating and when you will do what.

- Determine when you will take the actions you identified in 2.
- Write down when you will evacuate.

### Family Evacuation Plan

## Fill in when

Heavy rain is forecasted

**Warning Level 1**  
Early advisory information

**Warning Level 2**  
Flood advisory  
Heavy rain advisory

**Warning Level 3**  
Evacuate older people, disabled people, babies, etc. from dangerous areas!

**Warning Level 4**  
All people must evacuate themselves from dangerous areas!!

**Warning Level 5**  
Emergency Safety Assurance

High

↑ Urgency

**Fill in** When will you evacuate? When will you do what?

Ex: Double check emergency grab-and-go bag (mom)

---

Ex: Double check evacuation shelter (everyone)

---

Ex: Grandma and mom evacuate to a relative’s house by car

Likely evacuation place at this stage

Evacuation place ①, ②

---

Ex: Evacuate to XX Elementary School (dad and children)

Likely evacuation place at this stage

Evacuation place ①, ②

---

Likely evacuation place at this stage

Evacuation place ③

\* Depending on the situation of the disaster, information may not necessarily be released in this order. It is important to respond flexibly to the situation.

### After evacuating

After evacuating, inform your family and other important people that you have evacuated safely

Contact method

Family meeting place

It is extremely dangerous to leave or relocate from your evacuation place before the evacuation information is lifted.
