

Flood Hazard Map for Miyakojima Ward

In Miyakojima Ward, inundation events due to flooding of the Yodo River, flooding in the Neyagawa River basin (Neyagawa River, Second Neyagawa River, Hirano River, diversion aqueducts of Hirano River, and Furukawa River), a storm surge, and inland flooding and tsunami inundation events due to a massive Nankai Trough earthquake are assumed to occur.

- Is the area where you live prone to inundation?
- Where is the nearest safe evacuation shelter?
- Are there any roads or underpasses that could be covered with water on the way to the evacuation shelter?

Using this map, check in advance where safe evacuation shelters (disaster shelters, etc.) are located and which evacuation route to take to ensure safe evacuation in the event of an emergency. In the event of a large-scale inundation, disaster shelters are expected to be crowded. If evacuation shelters are located far from your house, you should expect that it will take time for the elderly to evacuate. It is also important to secure more than one temporary shelter other than predesignated evacuation centers, such as securing condominium or other high buildings in the neighborhood by negotiating with owners in advance. Moreover, since it is dangerous to move out of your house during stormy weather, remaining in your house can be an alternative to evacuation as long as you have made appropriate disaster preparations at home.

Note: When evacuating to a tsunami evacuation building, evacuate only after checking that it is located on a high place that will not be inundated.

Safety measures for your house

Reduce the likelihood of your house being inundated and your home contents damaged.

Tsunami evacuation bldg. (When evacuation information is issued, you can evacuate to this shelter.)*		
1 Osaka Shigaku Hall	6-20 Amijimacho	
2 Municipal Miyakojima Nakadori Housing 1 Gokan	2-1 Miyakojima-nakadori	
3 Municipal Miyakojima Nakadori Housing 2 Gokan	2-9 Miyakojima-nakadori	
4 Claire Sofia Miyakojima	2-10-24 Miyakojima-nakadori	
5 Brillante Miyakojima	2-10-25 Miyakojima-nakadori

*As of March 2021. (Please see the website for an updated list of designated hazard areas.)
*For the evacuation time limit, please see the "List of Registered Tsunami Evacuation Buildings" on Osaka City's website, the Osaka City Map Information Site, or your local noticeboard.

Regular precautions and preparations

Have items ready that you can bring with you when you evacuate (emergency kit)

Items for emergency grab-and-go bag (backpack, etc.)

- Drinking water
- Emergency food
- Valuables
- Medical supplies
- Other

Have your stockpile ready

You may not be able to shop normally for several days after a natural disaster. Have peace of mind by adequately stocking basic necessities for yourself and your family on a day-to-day basis.

- Rolling stock method
- Stock up on food you often eat with long expiry dates; buy more when you consume them (rolling stock method)
- Alpha rice that can be eaten by adding water, canned food, hardtack, instant and retort pouch food, dietary supplements, snacks, condiments, soup, etc.
- 3 liters a day per adult
- Temporary toilet, waste storage containers, toilet bags, toilet paper
- Portable gas stove, gas canisters, solid fuel
- Plastic wrap for food
- Plastic tank

Necessities for applicable families and households

- Infants
- Elderly
- Pets
- Pregnant women

People with illnesses

- Other

- Tsunami evacuation bldg.
- Designated disaster evacuation site & tsunami evacuation bldg.
- Ward Office/ Ward Health and Welfare Center
- Police station
- Fire station
- Disaster relief heliport
- Outdoor emergency speaker
- Underpass
- House collapse hazard zone
- JR
- Private railway
- Subway
- Train station
- National route
- Ward border
- Town border

Map information site, MapNavi Osaka

Hazard maps and disaster prevention facilities can be found online.

*This map shows hazard areas for flooding (river flooding, high tide, inland flooding, tsunami). It does not list designated safety areas and temporary safety areas. Please use this hazard map to find safe evacuation areas in the event of flooding. *Flood-prone areas have underground shopping and facilities for the infirm. Please see the Regional Disaster Management Plan for more information. (The Regional Disaster Management Plan is available at your closest ward office, City Hall, and on Osaka City's website.)
