

Flood Hazard Map for Fukushima Ward

In Fukushima Ward, inundation events due to flooding of the Yodo River, a storm surge, and inland flooding and tsunami inundation events due to a massive Nankai Trough earthquake are assumed to occur.

- Is the area where you live prone to inundation?
- Where is the nearest safe evacuation shelter?
- Are there any roads or underpasses that could be covered with water on the way to the evacuation shelter?

Using this map, check in advance where safe evacuation shelters (disaster shelters, etc.) are located and which evacuation route to take to ensure safe evacuation in the event of an emergency. In the event of a large-scale inundation, disaster shelters are expected to be crowded. If evacuation shelters are located far from your house, you should expect that it will take time for the elderly to evacuate.

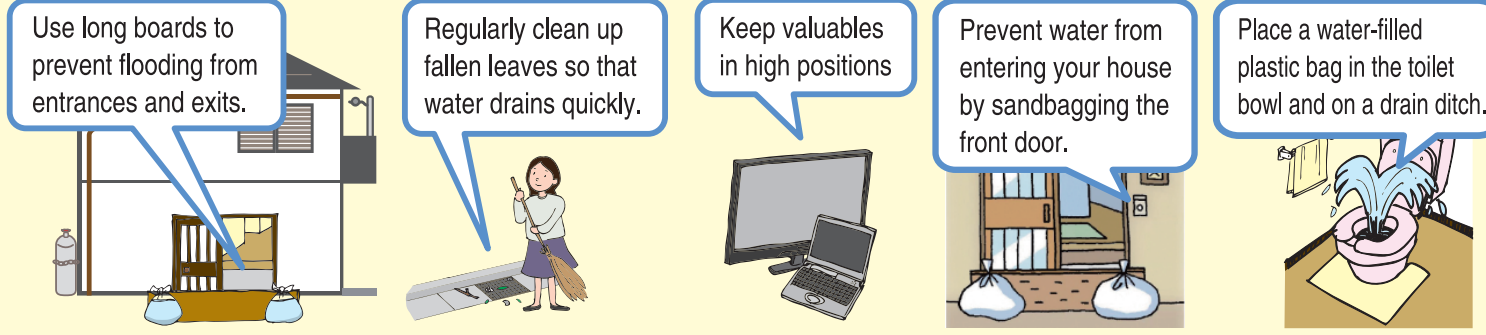

It is also important to secure more than one temporary shelter other than predesignated evacuation centers, such as securing condominium or other high buildings in the neighborhood by negotiating with owners in advance.

Moreover, since it is dangerous to move out of your house during stormy weather, remaining in your house can be an alternative to evacuation as long as you have made appropriate disaster preparations at home.

Safety measures for your house

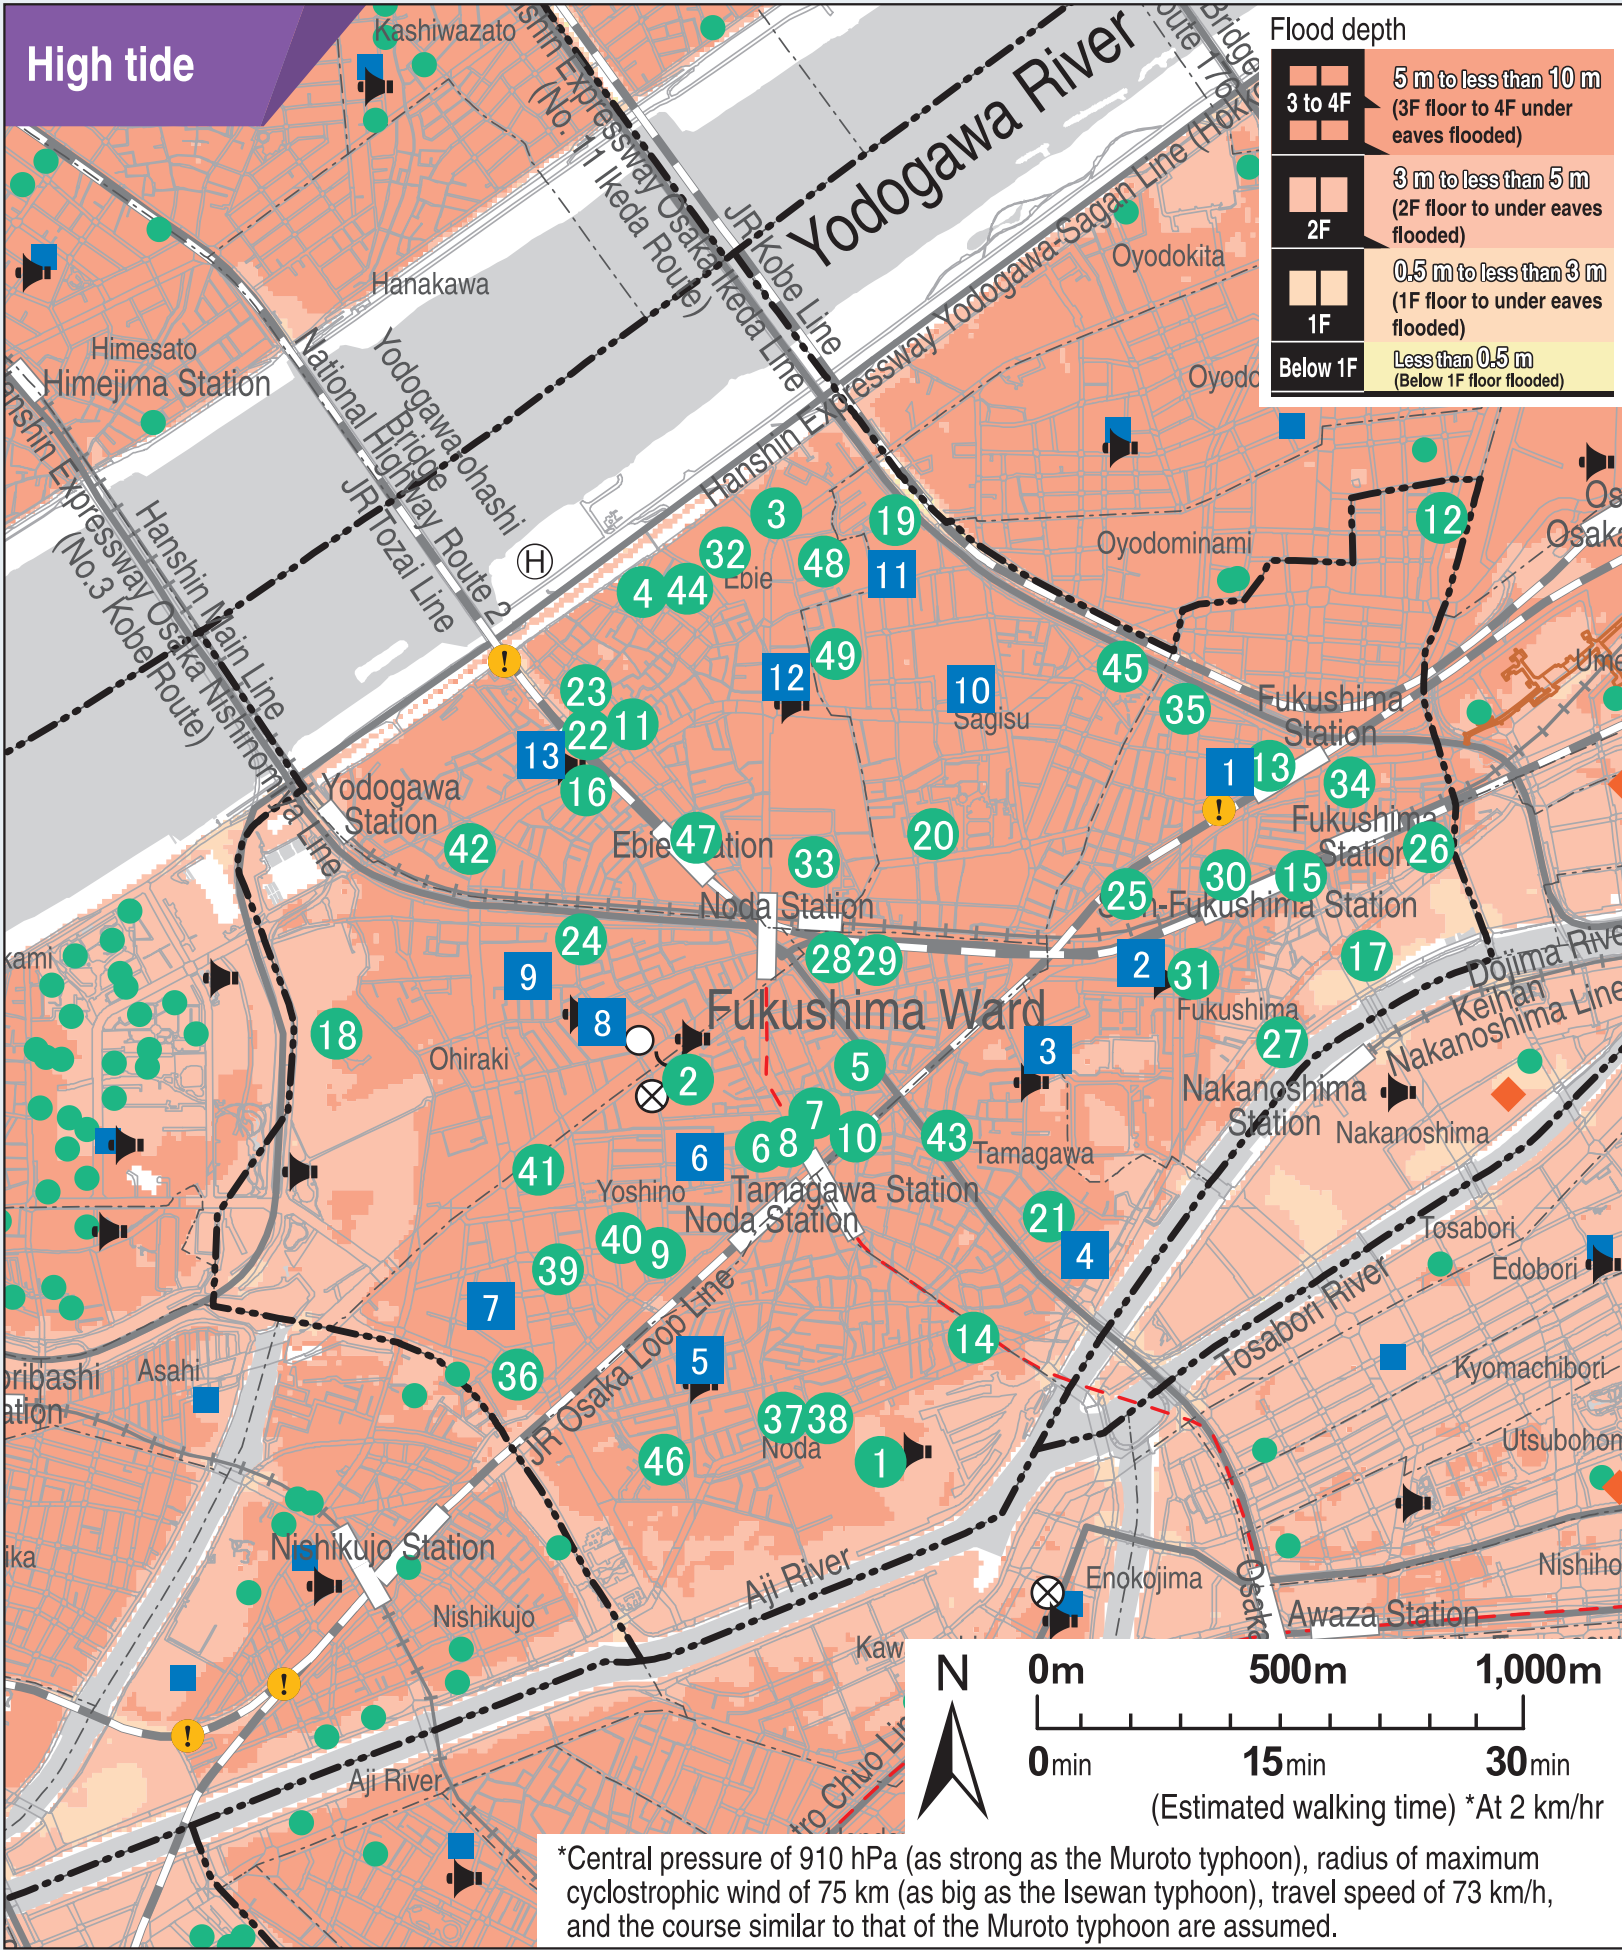

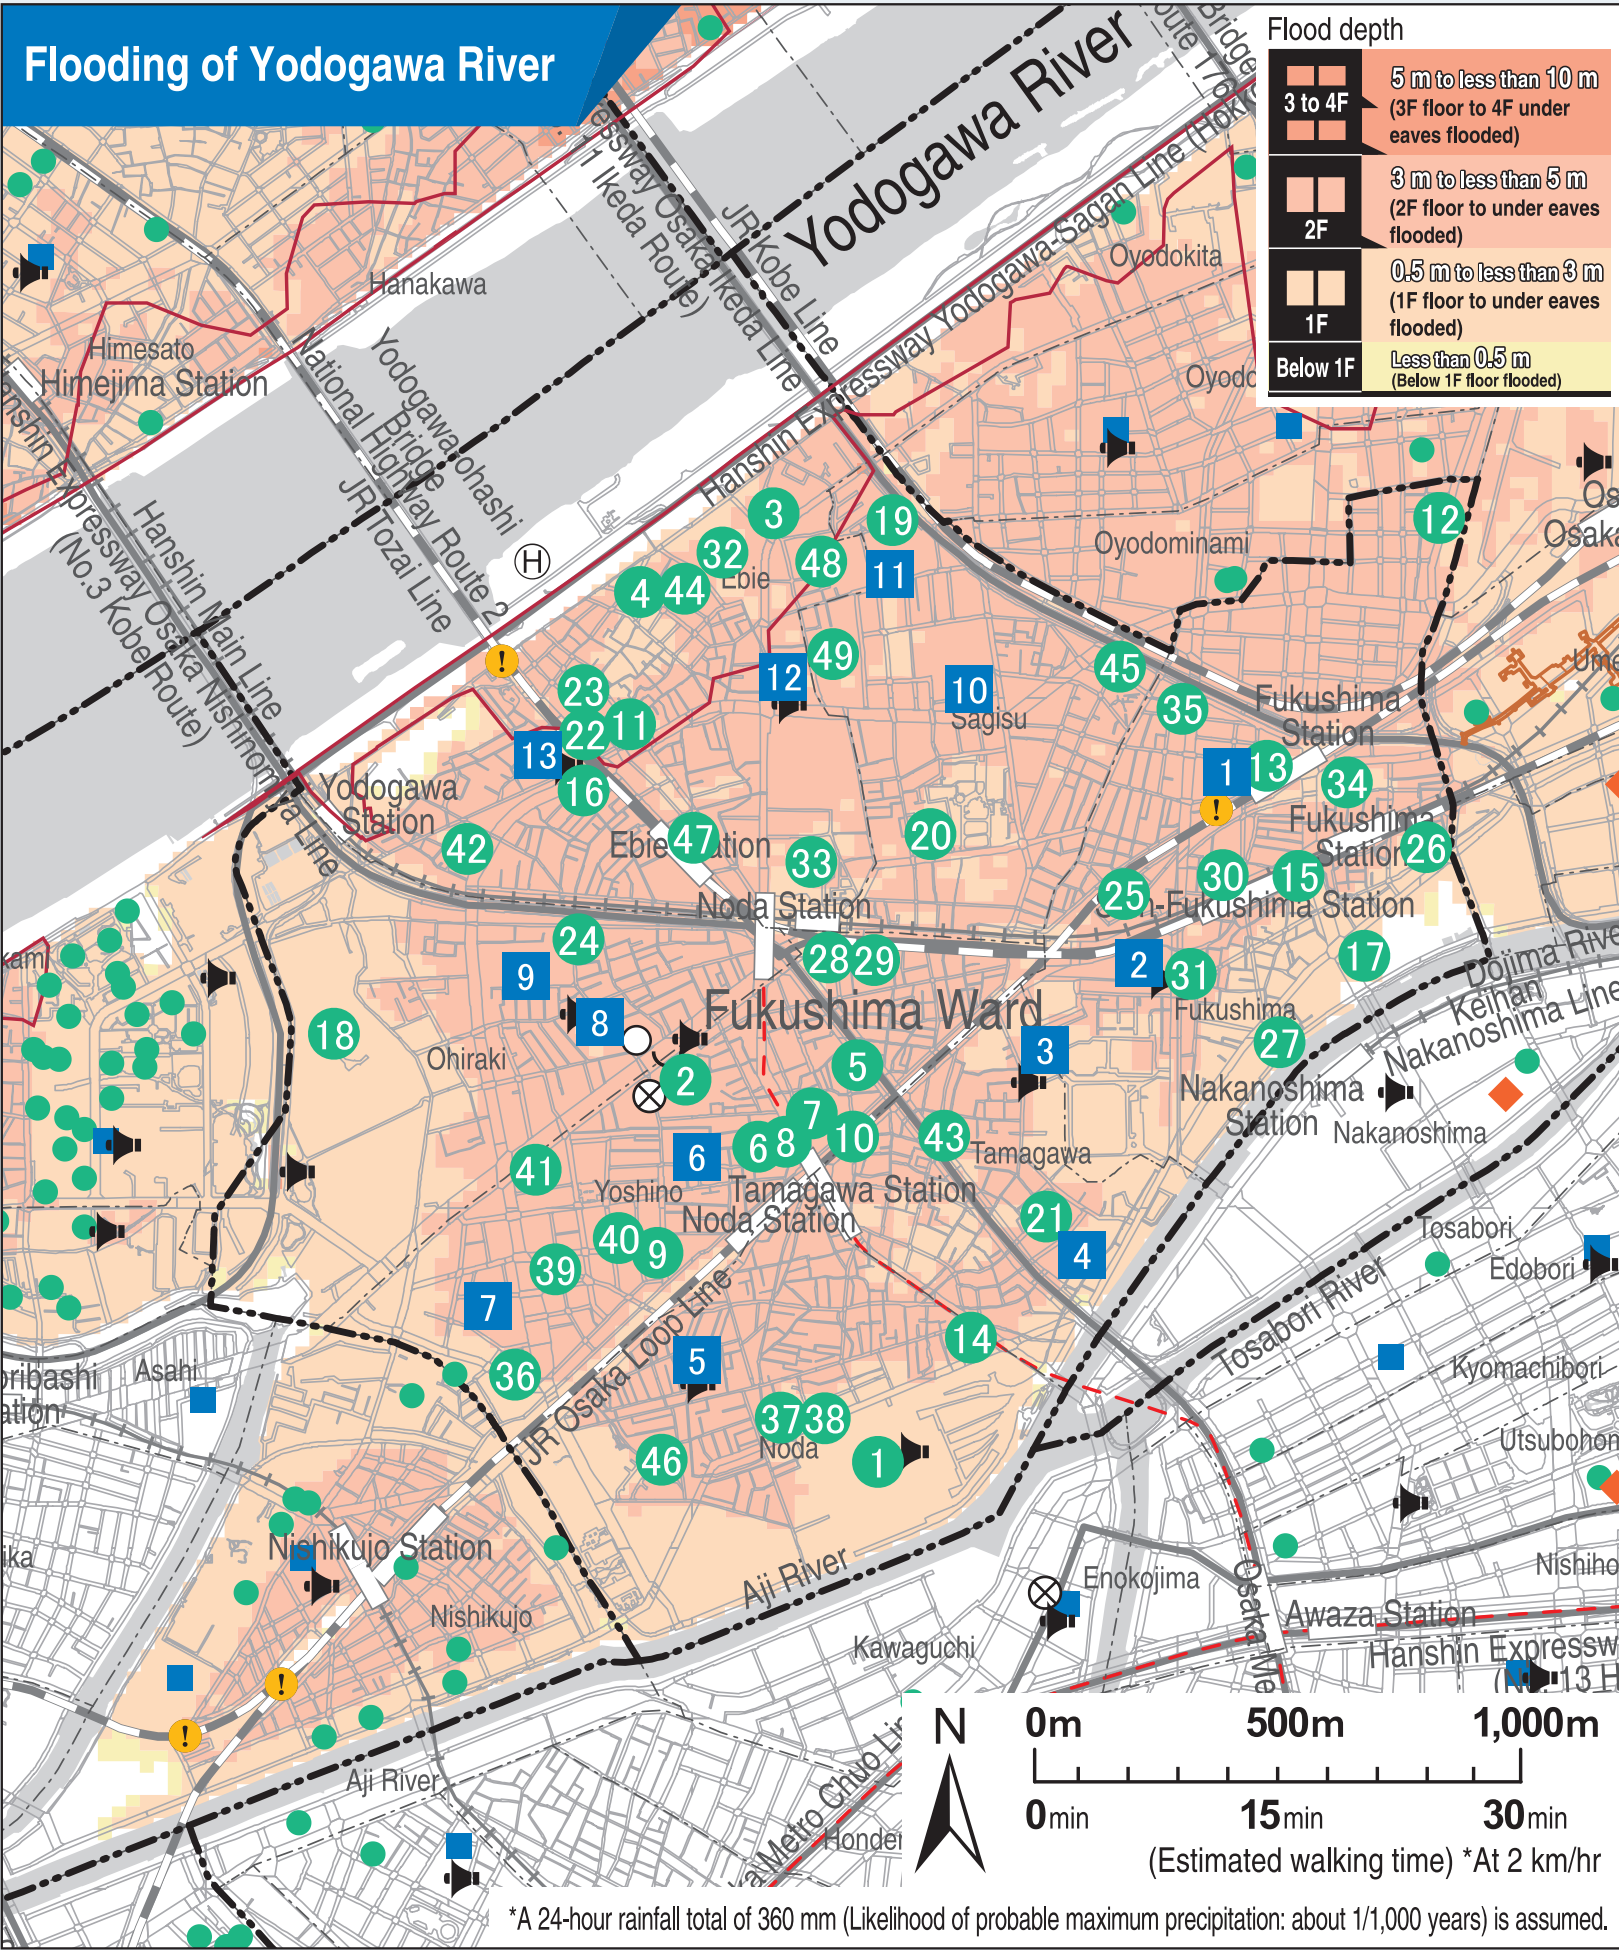

Reduce the likelihood of your house being inundated and your home contents damaged.

Map information site, MapNavi Osaka

Hazard maps and disaster prevention facilities can be found online.

Regular precautions and preparations

Have items ready that you can bring with you when you evacuate (emergency kit)

Items for emergency grab-and-go bag (backpack, etc.)

- ☐ **Drinking water**
- ☐ **Emergency food**
- ☐ **Valuables**
- ☐ **Medical supplies**
- ☐ **Other**

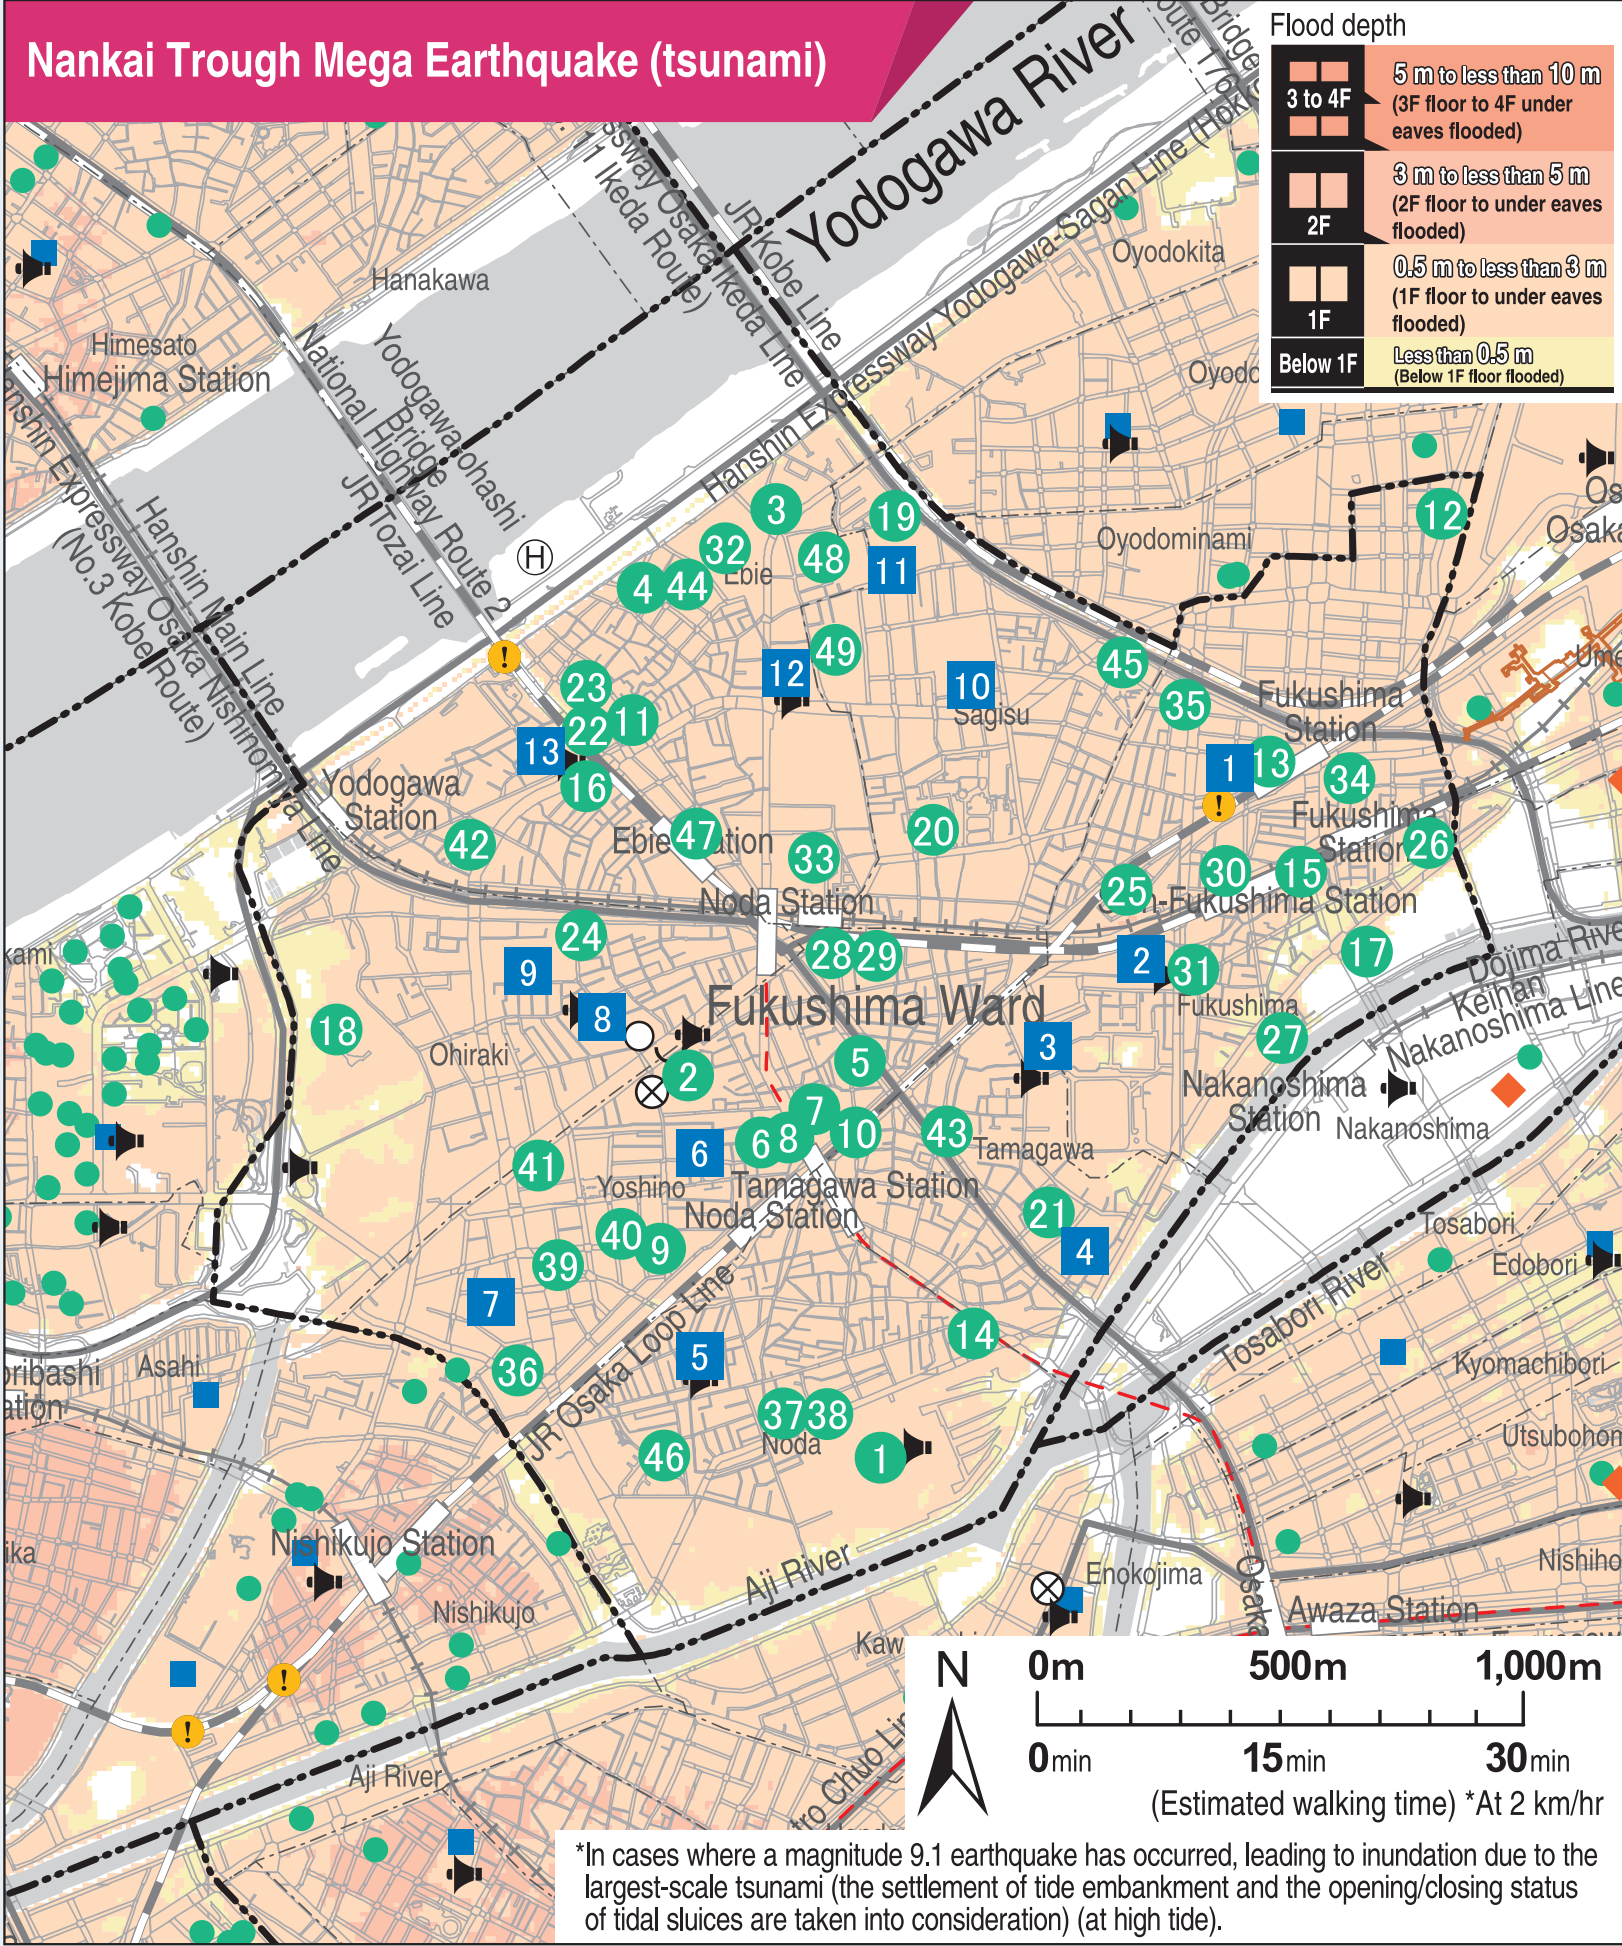

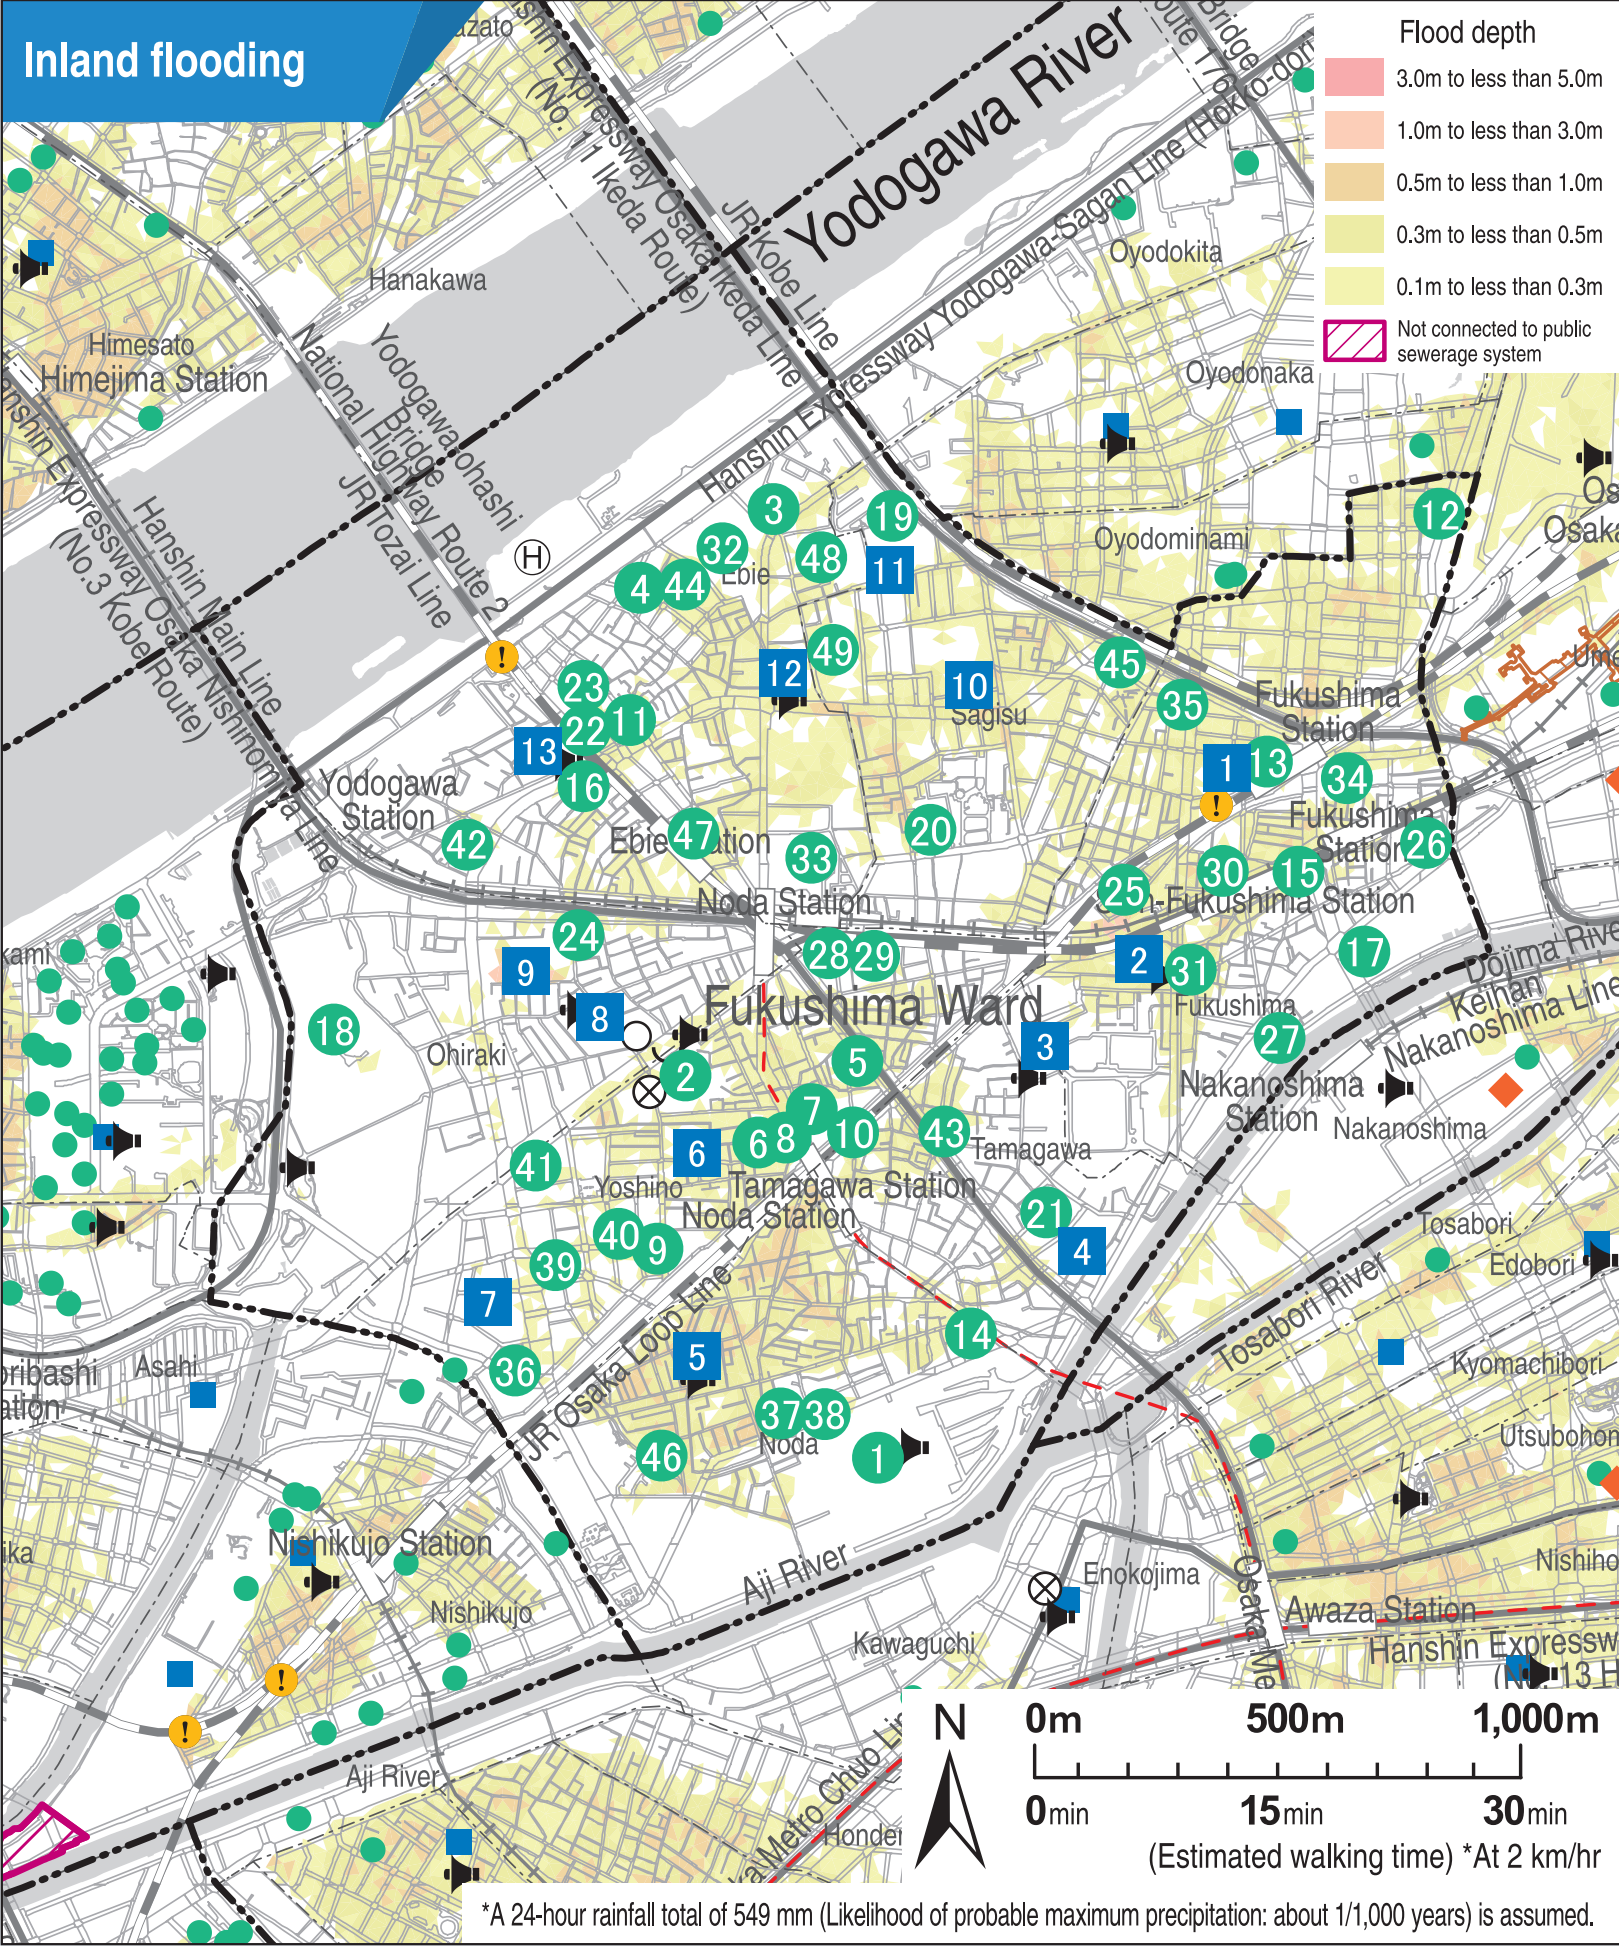

Tsunami evacuation bldg. (Accepts evacuees if an evacuation information is issued*)

No.	Building Name	Address

***As of March 2021.**
***Please see the website for an updated list of designated hazard areas.**
***For the evacuation time limit, please see the "List of Registered Tsunami Evacuation Buildings" on Osaka City's website, the Osaka City Map Information Site, or your local noticeboard.**

Necessities for applicable families and households

Infants

- Baby food
- Powder and liquid milk
- Diapers
- Baby wipes, etc.

Pregnant women

- Mother and child health handbook
- Absorbent cotton Gauze
- Items for newborns, etc.

Elderly

- Denture
- Food for the elderly
- Adult diapers, etc.

People with illnesses

- Contact info for attending physician
- Medicine for preexisting illnesses
- Medicine notebook, etc.

Pets

- Leash
- Cage
- Toilet supplies
- Pet food, etc.

Other

- Eyeglasses
- Contact lenses
- Hearing aid, etc.

Have your stockpile ready

You may not be able to shop normally for several days after a natural disaster. Have peace of mind by adequately stocking basic necessities for yourself and your family on a day-to-day basis.

- ☐ **Daily stocking**
 - Stock up on food you often eat with long expiry dates; buy more when you consume them (rolling stock method)
- ☐ **Food for at least 7 days**
 - Alpha rice that can be eaten by adding water, canned food, hardback, instant and retort pouch food, dietary supplements, snacks, condiments, soup, etc.
- ☐ **Drinking water for at least 7 days**
 - 3 liters a day per adult
- ☐ **Toilet supplies**
 - Temporary toilet, waste storage containers, toilet bags, toilet paper
- ☐ **Fuel**
 - Portable gas stove, gas canisters, solid fuel
- ☐ **Blanket, sleeping bag**
- ☐ **Plastic wrap for food**
- ☐ **Plastic tank**

Rolling stock method

An economical method in which food is consumed before they expire.
