

# Additional Content for “Flood Disaster Prevention Map” (March 2021 Version)

## 【Minato Ward】

The Osaka Prefectural Government announced the new flood risk zones on February 2022. The diagram below will be added on to the Flood Disaster Prevention Map (March 2021 Version).

Scenario conditions		Released	Contact Information	Telephone number
Announcement of Storm Surge Warning in Osaka City Area 24-hour total rainfall: 683 mm/hour Maximum rainfall: 138.1 mm/hour	Probable maximum precipitation (Likelihood: 1/more than 1,000 years)	Feb.2022	Nishi Osaka Flood Control Office, Osaka Prefecture	06-6541-7771

※In the situation when “Storm Surge Warning in Osaka City Area” is announced, (Kizugawa Sluice Gate, Ajigawa Sluice Gate, and Shirinashigawa Sluice Gate are closed) the projected occurrence of record-breaking rainfalls can induce possible dangers of flooding.
