

# Expo 2025 Osaka, Kansai

**Dates** Sunday, April 13 - Monday, October 13, 2025

In 2025, Expo 2025 Osaka, Kansai will be held on Yumeshima in Konohana Ward. Just imagining the country pavilions, where you can experience the feeling of traveling around the world, the domestic and corporate pavilions, where you can experience the technologies of the future, and the many experiences of what the society of the future has in store is enough to make your heart pound with excitement.

The Expo wouldn't be the Expo without the Country Pavilions. The pavilions are arranged inside the Grand Ring according to the three subthemes, and many of them also take sustainability into consideration.

Signature Pavilions:  
Places to think about life

Better Co-Being  
©SANAA

Eight producers from various fields are leading eight projects related to the theme of "life", which will provide visitors with opportunities to think about life.

A spectacular show of water, air, and music

During the Expo period, a spectacular show combining water, air, light, fire, videos, and music will be held on the water surface inside the Grand Ring every day after sunset.

Experience and participate in the lifestyles of the future

© SkyDrive

You can experience the lifestyles of the future and participate in actions for the future through a variety of innovations. You can also visit a pavilion where you can experience a city of happiness and even ride in a flying car!

**Q** What is the Expo?

The Expo is an event where many people and things gather from around the world, and it is a place where wisdom from around the world is brought together to tackle a wide range of global issues. It is held once every five years, with a different country hosting each time.

**Q** How many times has Osaka hosted the Expo?

This is the third time for Osaka to host the Expo, following Osaka Expo held in Suita City in 1970 and the International Garden and Greenery Exposition held in Tsurumi Ward in 1990. This is the first time in 20 years that Japan is hosting the Expo since Expo 2005 in Aichi Prefecture.
