Community ties can help protect lives during disasters.

To prepare for the unexpected, let's join the neighborhood association!

Photo of Osaka City area damaged by Typhoon Jebi in 2018.

During **the Great Hanshin-Awaji Earthquake, mutual aid shared amongst neighbors** was vital in carrying out rescue efforts.
Community ties can support you and your family.
Would you like to work with us in building **a well-connected town where neighbors can readily rescue and support one another**?

The Suminoe Ward consisting of **14 communities** has **163 neighborhood associations**.
To learn more about **neighborhood associations in your community**, please check **here**!

To become a member, please check **the back of this page.**

Neighborhood associations carry out these type of activities.

Exchange

Interactive events such as festivals, sports days, rice cake pounding competitions, and child-rearing salons are held.
Seeing the faces of neighbors you have developed relationships with can help tremendously in times of disaster.

Disaster Prevention

Workshops and safety drills are conducted to better prepare for disasters that can happen at any time.
”In an emergency” you can rely on your neighborhood association.

Crime Prevention

For the safety and security of the community, crime prevention activities such as safeguarding children
and senior citizens,
and managing fixtures such as security cameras and outdoor security lights are conducted.

Inquiries on becoming a member

For applications and inquiries on becoming a member, please contact the Suminoe Ward Secretariat for Community Promotion Associations.

☎070-2300-4902

(Tuesday and Thursday 10:00AM ～ 4:00PM)
